APRIL 2017

VOLUME 39, NO. 4

A Message from the District Manager

**CONGRATULATIONS NEW YORK
ON BECOMING THE FIRST STATE
TO OFFER A FREE COLLEGE
EDUCATION TO STUDENTS!**

With the passage of the FY 2018 State Budget, New York is now home to the nation's first accessible college program, The Excelsior Scholarship.

Under this groundbreaking program, more than 940,000 middle-class families and individuals making up to \$125,000 per year will qualify to attend college tuition-free at all CUNY (City University of New York) and SUNY (State University of New York) two- and four-year colleges in New York State. The new program begins in the fall of 2017 and will be phased in over three years.

There is one caveat to the Excelsior Scholarship. All recipients must remain in the state and work for 2 years if earning an Associate's degree, or 4 years if earning a Bachelor's. Otherwise, the scholarship reverts to a loan that must be repaid. Additionally, all students receiving the scholarship must graduate on time and within the allotted time period for their degree path.

All in all, it's a great time to be a college student in New York State, with some of the finest education to be received at CUNY and SUNY schools.

**100% TUITION FREE CLASSES FOR
ADULTS**

The NYC Dept. of Education is offering free classes for adults, 21 and older without a high school equivalency exam at Dr. Jacqueline Peek-Davis school, 430 Howard Avenue, Brooklyn.

Basic Education (GED/TASC preparation) are offered Tuesdays and Wednesdays from 5:40-9 PM. To register, visit the school on Tuesdays at 5:40 PM or call 718-221-6703.

**CALL BEFORE YOU DIG!**

Ever wonder what the different colored markings on the ground mean? The Uniform Color Code is used to indicate where utility lines are located before excavation. If markings are present, learn the colors to know what they mean. If you need to do excavation work, call New York's 811 hotline at least a few days before you start any digging project. Whether you are planning to do it yourself or hire a professional, smart digging means calling 811 before each job.

Uniform color codes:

**White:** Proposed excavation

**Pink:** Temporary Survey Markings

**Red:** Electric power lines, cables, conduits, and lighting cables

**Yellow:** Gas, oil, steam, petroleum, and gaseous material

**Orange:** Communications, alarm, signal lines, cables or conduit

**Blue:** Potable water

**Purple:** Reclaimed water, irrigation and slurry lines, radioactive material

**Green:** Sewers and drain lines

Think before you dig! Find out what is under your ground. Make sure to call 811; it may save you thousands in repair costs.

NATIONAL SOCIAL SECURITY MONTH

April is National Social Security Month! During this special month, you can help spread awareness about the importance of financial planning by taking part in Thunderclap, a synchronized social media event to educate your networks about programs and services.

Social Security retirement benefits replace about 40 percent of pre-retirement earnings for the average worker. That's a good foundation, but most people will also need other sources of income in retirement, such as pensions, savings, and investments. Yet nearly a third of the nation's workers have no money at all set aside specifically for retirement, let alone enough to live comfortably. Help secure your today and tomorrow. Open a **my Social Security** account today at www.socialsecurity.gov/myaccount.

Celebrate National #SocialSecurity Month! Take '5 Steps Toward YOUR Financial Security'. Visit www.socialsecurity.gov/agency/5-steps-toward-your-financial-security/.
