DISTRICT MANAGER'S REPORT

CROWN HEIGHTS NORTH HISTORIC DISTRICT

The New York State Office of Parks, Recreation and Historic Preservation has listed the Crown Heights North Historic District on the National Register of Historic Places as of March 31, 2014. The National Register is the nation's official list of properties worthy of preservation. Listing on the National Register recognizes the importance of these properties to the history of our country and provides them with a measure of protections.

In addition, owners of income producing properties may qualify for federal and/or state income tax benefits. Homeowners in qualifying census tracts may qualify for state income tax benefits for approved work. Properties owned by municipalities and not-for-profit organizations are eligible to apply for state historic preservation matching grants.

For more information on the benefits of being included in the National Register, please visit www.nysparks.com.

PLEASE DON'T MISUSE LITTER BASKETS

Sanitation litter baskets are for **pedestrian litter only**. Placing garbage from your home or business into a Sanitation litter basket is illegal and carries a fine of \$100. It causes

litter baskets to overflow and corners to become dirty, creating an eyesore in the community.

Respect your neighborhood. Please use litter baskets properly. For more information, visit www.nyc.gov/sanitation.

The **scorecard rating** for the month of April in District 8 was **86.7 for clean streets and 90.3 for clean sidewalks**.

We urge everyone to adhere to **the Dept. of Sanitation's routing times of 8 AM to 9 AM and Noon to 1 PM daily**. The front of your property should be swept and free of debris 18 inches into the street. All sweepings must be bagged and disposed of properly. Remember to sweep!

In the past, Community Board 8 was seeking a reduction in the number of Alternate Side Parking days (ASP). Please be advised that in order for this to occur, our scorecard rating **must remain above 90% for 2 consecutive years**. If you would really like to see a reduction in ASP, you must do your part in helping to keep the streets clean!

The following is a summary of the year-to-date CompStat Crime report covering the week of 04/21/14 through 04/27/14.

***IDENTIFY AND REPORT GAS LEAKS***

In wake of the deadly gas leak and explosion in Harlem, Con Edison and National Grid (in Brooklyn) are urging customers to be diligent in noticing and reporting gas leaks.

Natural gas has a distinctive, strong odor similar to rotten eggs. If you see a white cloud, mist, fog, bubbles in standing water, blowing dust, or vegetation that appears to be dead or dying for no reason, or hear a roaring, hissing, or whistling sound, it may be an indication of a gas leak.

If you suspect a gas leak, evacuate immediately and inform your neighbors to do the same. If the smell is very strong, open your windows before evacuating to give the gas an opportunity to escape rather than collect in a confined space, thus increasing the chances of an explosion. Call Con Ed (if outside of Brooklyn) immediately at 1-800-752-6633 or National Grid (only in Brooklyn) at 718-643-4050.

Do not do anything that could create a spark, thus igniting the gas and causing an explosion. Sparks are caused by many normal activities and things that we would not suspect. Do not light matches, turn on or off appliances and light switches, use a telephone of any kind, ring a doorbell, or start a car. Any of these activities would be enough to cause a deadly explosion if indeed there is a gas leak.

For additional information and safety tips on natural gas, visit [www.coned.com](http://www.coned.com) or [www.nationalgrid.com](http://www.nationalgrid.com) and go their customer support sections.
