

**ATLANTIC YARDS AKA PACIFIC PARK BROOKLYN
PROJECT ACTIVITIES UPDATE**

This is a Supplemental Report to the previously issued two week look – ahead regarding upcoming activities at Pacific Park Brooklyn covering the period of December 22, 2014 through January 4, 2015.

Block 1129

New Information:

- From approximately January 2nd to January 23rd work by National Grid to relocate a gas line in the Dean Street sidewalk between Carlton Avenue and Vanderbilt Avenue will take place. Because that work conflicts with the location of the 16 foot fence for the Block 1129 construction, lower fences, eight to twelve feet, will initially be installed in front of that work zone. The work zone is approximately 150 feet long and about 125 feet west of Vanderbilt Avenue. It is expected that the 16 foot fence will be constructed and in place by January 23rd.
