

BROOKLYN CHILDREN'S MUSEUM

Nature Week

Friday March 30, 2018 - Sunday April 8, 2018

Included with Museum admission

Join us for as we celebrate nature from March 30th - April 8th at Brooklyn Children's Museum. Over seven days of education, art, and fun, families will learn about the environment, life sciences, and planet earth. Play in *Neighborhood Nature*, including our community garden made of cork, a real greenhouse, and an indoor "beach." Conduct an archaeological dig, create a leaf print, plant parsley, build an instrument, and hold objects from our natural science collection! **Please note there will be no Nature Week activities on Saturday, April 7th as Brooklyn Children's Museum will be hosting the Love Double Dutch book launch party.** Check our website at www.brooklynkids.org for the full Nature Week schedule as well as details for the Love Double Dutch book launch party.

SELECT PROGRAMS INCLUDE:

Leaf Printing Workshop

Saturday March 31

12:00pm-5:00pm | All Ages

Classroom

Join Eco-Artist Celeste Pfau in our Greenhouse activity "Take a Leaf, Leave a Leaf." Children will create botanical monoprints using leaves, acrylic paint, and Gelli plates in this interactive, nature based art project.

Recycled Sounds with Dendê Macêdo

Sunday, April 1

1:00pm-1:30pm & 2:00pm-2:30pm | All Ages

Commons Theater

Join us for *Recycled Sounds*, a project that developed out of world renowned percussionist Dendê Macêdo's interest in making instruments out of found materials. Hear instruments from Macêdo's trove including a Bucket Shekere, a Golf Club Berimbau, and a Tire Drum. *Recycled Sounds* is produced in collaboration with World Music Education.

Nature Week Featuring the Fundred Dollar Bill Project

Tuesday, April 3

12:00pm-3:00pm | All Ages

Visiting Exhibitions Gallery

Founded in 2006, the Fundred Dollar Bill Project was created to give children an artistic outlet to call attention to childhood lead poisoning. Join BCM and the Fundred Dollar Bill Project for an afternoon of interactive art and education projects that teach about recycling, environmentalism, and advocate for a lead-free future.

Kevin and Rich's Recycled Sounds

Wednesday, April 4

1:30pm-2:00pm & 2:30pm-3:00pm | All Ages

Commons Theater

Join master percussionists Kevin Nathaniel and Rich Stein as they team up to create amazing grooves on instruments they've created from everyday objects! Dance to the Water Cooler Shekere, Tin Can Mbiras, Cardboard Tubes, and countless other instruments! Kevin and Rich's Recycled Sounds is produced in collaboration with World Music Education.
