COMMUNITY ADVISORY

Beginning on/about Monday, Aug 23rd , 2021 Monday - Friday 7:00am to 6:00pm

On/about Aug 23rd, 2021 the NYC Department of Design and Construction (DDC) will begin work operations for the Rehabilitation of Pedestrian Ramps in Brooklyn Project # HWPR20K3. This project entails the rehabilitation and upgrading of existing pedestrian ramps. The anticipated completion of this project is June 2023. The permitted work hours will be Mondays through Fridays from 7:00AM to 6:00PM.

Please see reverse side

COMMUNITY ADVISORY

REHABILITATION OF PEDESTRIAN RAMPS IN BROOKLYN DESIGNED LOCATIONS

PROJECT#: HWPR20K3 **BOROUGH:** Brooklyn **DATE:** August 10, 2021

What Are the Community Impacts?

The DDC is committed to maintaining a work site that is safe and clean. However, dust, noise and heavy equipment are common elements of construction and we ask for your patience during the project.

There may be limited street access on certain blocks. However, deliveries to commercial and residential properties and emergency vehicle access will be allowed. In addition, the DDC will be baiting the construction zone on a regular basis to control rodent populations.

SOME THINGS TO REMEMBER:

Weekend and night work may occur. Hours of operations on Saturdays and Sundays will be from 8:00AM to 6:00PM. If work occurs at nighttime, it will occur between the hours of 9:00PM and 6:00AM; advance notice will be provided to the community.

Please follow all posted DOT's rules and regulations during non- construction hours. Emergency vehicle and Pedestrian access will be maintained at all times

Driveway/loading dock access

- may be temporarily restricted.

Vehicular access - may be restricted on certain streets in certain locations.

Public Transportation

Bus Relocation - where and when necessary, buses may be detoured in/around the work zones.

Pedestrian/Traffic

Pedestrian access - to buildings will be maintained at all times.

Parking - will be temporarily restricted so construction may proceed. Signs will be posted where necessary.

Student Pick-Up/Drop Off

Where construction impacts school pick-up and drop-off areas, the DDC will coordinate with the NYC Department of Education (NYCDOE) and school officials to ensure these locations are safe, clearly marked and maintained.

Street closures/Traffic detours - partial closures and/or limited access of intersections and streets. Half-block closures may be necessary. In the event of half-block closures, the street will be closed to through-traffic, but emergency vehicle access will be allowed. Signs will be posted.

If you have any questions, concerns, or would like to learn more about the DDC Project, please contact the Assistant RE Rouben Makarian

Email: hwpr20k3@gmail.com

Visit the NYC DDC web site at www.nyc.gov/ddc. During non-construction hours please contact New York City Government Services and Information Hotline at 311.

PLEASE NOTE: Due to unforeseen conditions (weather, field conditions, etc.) it may become necessary to change some scheduled work locations and operations.
