

## COMMUNITY NOTICE

### BARCLAYS CENTER PLAZA RENOVATION BEGINNING THIS MONTH

June 3, 2022

Dear Neighbor,

We wanted to advise you of upcoming renovation work scheduled for the plaza at Barclays Center. This project will upgrade the existing pavers and light fixtures from the front doors of the arena to the area surrounding the flagpole near the corner of Flatbush and Atlantic Avenues.

Beginning this Monday, June 6, fencing will be constructed behind the Barclays Center MTA entrance for the staging of equipment and materials, and construction is scheduled to begin the following week. The work will be done during a Monday-Saturday daytime schedule and is anticipated to be finished in October. To prevent debris from leaving the job site, windscreen fencing will be constructed around the staging area and each phase of work.

Throughout the duration of the project, we will always provide access to the Barclays Center MTA entrance, however please note the following:

- Throughout the process there may be a 1–2 day period with no elevator access to allow for paver installation directly in front of the elevator.
- The construction will NOT take both the elevator and escalators out of service at the same time.
- There will not be access to the Barclays Center MTA entrance from the Flatbush Avenue sidewalk during a portion of the summer (end of June to end of July). During this period, we will provide full access to the MTA entrance from the Atlantic Avenue side.

We appreciate your patience as we work to improve the plaza at Barclays Center for both our guests and our neighbors. As always, please feel free to reach out to us with any questions or concerns.

Thank you for your time.

Best,

Barclays Center Community Relations
