

NYC Parks

INSTALLATION OF GREEN INFRASTRUCTURE

Woods Playground

Attention Residents:

NYC Economic Development Corporation contractor AECOM will install underground devices that prevent flooding and help prevent pollution from entering the city's waterways in the Woods Roosevelt Playground, Bergen Street at Rochester Avenue adjacent to Public School 335 and the Brooklyn Greene School.

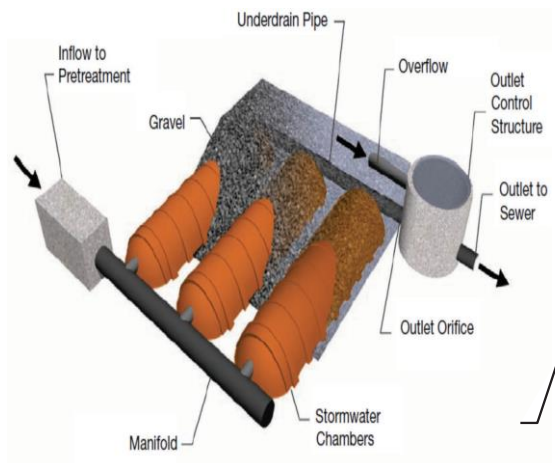

The contractor will begin working the week of:

Tuesday, June 28, 2022

- No work will be performed inside adjacent buildings
- Installation work will continue through Friday, August 12, 2022
- AECOM will provide updates as the project progresses

An illustration of this work is below:

Stormwater Chamber Systems
